

VALLEY COLLEGE
CONSUMER INFORMATION NOTICE
Prospective Students (Enrollment Period)
Current Students Annual Notice
Covering the Academic Year 2024-2025 V01

Valley College wants each student to be aware of certain consumer information that will assist them in maintaining a good educational experience. The Valley College Student Catalog and Supplements and Consumer Information documents are available on the Valley College Website (www.valley.edu) The catalog, catalog supplements, and catalog addendums are subject to change without notice. Click on Catalog <https://www.valley.edu/catalog/> Then click on the appropriate link.

Since our Consumer Information documents are subject to change, you will be directed our Consumer Information web page (<https://valley.edu/consumer-information/>) The links on the page are named in a fashion that will allow you to quickly click on the correct link to find the information you need. If a link is broken, please contact your Campus Director. Some of our links will take you directly to the College Navigator web site. **If you would like to have a paper copy of any of the documents below or that are posted on the Catalog or Consumer Information Web Page, please contact the Campus Director.**

This document is reviewed quarterly.

Individuals and offices responsible for disseminating consumer information:

Financial Information: The Financial Aid Advisor will assist a prospective or current student in obtaining financial aid information that is required to be disclosed under the Higher Education Act. Please call the campus or stop by the institution during normal business hours. After hours may be available upon request.

General Information or Academic Information: The Campus Director will assist a prospective or current student in obtaining information that is required to be disclosed under the Higher Education Act. Please call the campus or stop by the institution during normal business hours. After hours may be available upon request.

Academic programs offered at Valley College

For detailed Program and Course Description are found in the Valley College Student Catalog. <http://www.valley.edu/catalog/> The Program Outlines and Course Descriptions include program outlines, credits, and hour per course/program, expected student learning outcomes and course descriptions. The Medical Clinical Assistant and the Veterinary Technician program both have an externship component. Information on the externships is found in the Program Outline section of the Student Catalog.

Diploma and Degree Academic programs

Valley College offers blended/hybrid programs. A hybrid program is essentially a program that blends elements of online learning and traditional learning (face-to-face). Instead of taking every class in a classroom setting on campus, students will take some of their courses through online classes. Some classes may have an online and campus component.

The Medical Clinical Assistant (MCA) **diploma program** is designed to equip graduates with a broad range of skills necessary to enter the health care profession. Most of this program is offered via distance education. The clinical courses are hybrid. The lecture portion of the courses are offered online, and the clinical labs are offered at the campus. The student completes his/her externship as an approved externship site. This on campus program is offered at our Cleveland Campus, Martinsburg Campus, and Beckley Campus. Visit <https://valley.edu/programs/medical-clinical-assistant-diploma/> for more information.

The Nursing **Associate** degree (ADN) program has been designed to provide graduates with the core competencies and knowledge necessary to pass the National Council Licensure Examination for Registered Nurse (NCLEX- RN) and successfully enter the field of nursing. This program is offered at our Beckley and Martinsburg Campuses. The program does contain online courses. For more information visit: <https://valley.edu/programs/nursing-associates/>

The Practical Nursing **diploma program** has been designed to provide graduates with the core competencies and knowledge necessary to pass the National Council Licensure Examination for Practical Nursing (NCLEX-PN) and successfully enter the field of nursing. This program is offered at our Cleveland Campus and Fairlawn Satellite site. The program does contain online courses. For more information visit: <https://valley.edu/programs/practical-nursing/>

The Veterinary Assistant **diploma program** has been designed to provide graduates with the skills, knowledge, and core competencies necessary to effectively work as an entry-level Veterinary Assistant in a wide range of veterinary- animal based medical facilities. This program is offered at our Cleveland Campus. This program does contain online courses. For more information visit: <https://valley.edu/programs/veterinary-assistant-diploma/>

The Veterinary Technician **Associate Applied of Science (AAS) program** has been designed to provide graduates with the skills, knowledge, and core competencies that are essential to work as a Registered Veterinary Technician in a variety of animal based medical facilities. This program is offered at our Cleveland Campus. This program is accredited by the CVTEA (Committee on Veterinary Technician Education and Activities) This program does contain online courses. For more information visit <https://valley.edu/programs/veterinary-technician/>

Academic programs offered via 100% distance education – Valley College – Martinsburg offers the following programs 100% online. Valley College – Martinsburg is a member of NC-SARA.

The Business Administration AAB program is an Academic Associate degree that is designed to equip graduates with the skills associated with operating a business or managing a department for a business. This program is intended for people who desire a concentrated program in business and prepares graduates for entry-level positions in various business settings. The emphasis of the program focuses on small business management or management of a department in an organization. Visit <https://valley.edu/programs/business-administration-training/> for more information.

Business Administration, Bachelor of Science degree program is designed to prepare graduates with the ability to enter an industry or advance in their current position within various professional industries, while demonstrating the knowledge, professional behavior, critical thinking, and problem-solving skills that are essential for effective outcomes in today's evolving business world. This program is intended for individuals that are seeking a multi-layered business-based education that ultimately, will allow the student to move into a variety of industries and professions at an entry-level, mid-level, management, and/or leadership role. Visit <https://valley.edu/programs/business-administration-training/> for more information.

Cybersecurity AAS program is designed to equip graduates with the skills to assess the security needs of computer and network systems, recommend safeguard solutions, and manage the implementation and maintenance of security devices, systems, and procedures. The program also includes instruction in computer concepts, information systems, networking operating systems, computer hardware, the Internet, software applications, help desk concepts and problem solving, and principles of customer service. Visit <https://valley.edu/programs/cybersecurity-training/> for more information.

The information on this document was current at the time it was published. For the most current information, contact the campus.

Please contact the Campus Director to request additional information not covered in this Notice.

Consumer Information 12-26-23 Page 3 of 8

Cybersecurity Bachelor of Science program is designed to provide graduates with the ability to analyze, evaluate, and create solutions for the security, networking, and administration needs of organizations in various forms of industry. Graduates will gain the skills to create and recommend pro-active safeguards for computer and network systems and manage the design, coordination of efforts, implementation, and ongoing service of security devices, systems, networks, and procedures. The program also includes instruction in digital forensics, help desk practices, database management, security countermeasures, cyber-crime and law, emerging technologies, scripting, biometric systems, communication, and strategic thinking and decision-making. Visit <https://valley.edu/programs/cybersecurity-training/> for more information.

The **Health Services Administration Associate degree program** is an academic Associate degree program that is designed to equip graduates with the skills associated with an administrative professional position in the healthcare field. The Health Service Administration program provides students with a broad foundation of general medical administrative skills and prepares students to develop, plan and manage health care operations within health care facilities and across health care systems. The Health Services Administration program prepares students for entry-level positions in the healthcare industry including in hospitals, clinics, physicians' offices, community service organizations and insurance companies. For more information, visit: <https://valley.edu/programs/health-services-administration-training/>

The **Health Services Administration Bachelor of Science degree program** is designed to prepare graduates with the ability to enter the health industry or advance to new levels based on their current position in the health industry. This program provides students with a balanced combination of skills and knowledge that are predicated on a variety of topics that provide the framework for a Health Services professional along with a complimentary focus on the critical thinking and problem-solving skills that are essential to achieve the goals, objectives, and requirements of the organization that the Health Services professional will support. visit: <https://valley.edu/programs/health-services-administration-training/>

The **Medical Administrative Assistant diploma program** is designed to provide students the skills necessary to obtain an entry-level position where they may perform administrative duties and provide customer service for visitor reception, patient intake and/or discharge services. The program includes instruction in medical office procedures, medical terminology, interpersonal skills, record-keeping, customer service, telephone skills, data entry, interpersonal communications skills, and applicable policies and regulations. Visit <https://valley.edu/programs/medical-administrative-assistant-diploma/> for more information.

The **Medical Front Office, Billing and Coding diploma program** is designed to provide students with the skills necessary to obtain and maintain entry-level positions in the Medical Administrative Assistant career field. The Medical Front Office, Billing and Coding program is designed to prepare students to perform medical administrative procedures for the front office with a focus on the expanded functions of insurance, patient billing, and coding for health care claims. Visit <https://valley.edu/programs/medical-front-office-billing-and-coding-diploma/> for more information.

The **Information Technology (IT) and Network Administration (ITNA) diploma program** is designed to equip graduates with the skills to create, administer and secure various types of networking structures. Students will learn to identify and assess the essential components of various types of networking systems and supporting hardware. This program will enable students to also analyze the capabilities and needs of multiple types of operating systems and the corresponding security needs of computer and network systems in both personal and business settings. Visit <https://valley.edu/programs/it-network-administration/> for more information.

The **Information Technology (IT) and Security Administration Diploma (ITSA) diploma program** is designed to equip graduates with the skills to create, administer and secure various types of computers, technological devices, and networks. Students will learn to analyze and evaluate the essential components of various types of hardware, devices, systems and supporting hardware. This program will enable students to analyze and evaluate the capabilities and needs of multiple types of operating systems and the corresponding security needs of computer and network systems in both personal and business settings. Visit <https://valley.edu/programs/it-security-administration/> for more information.

Valley College's certificates programs are taught on campus.

The Cleveland campus is approved to offer a **Commercial Driver's License (CDL) Class A certificate program** has been designed to prepare students to become a licensed CDL Class A driver in the state of Ohio. Visit <https://valley.edu/programs/truck-driving-cdl/> for more information.

Vaccination Policy: Valley College does not have a college-wide vaccination policy. Some programs require that the students can show proof of vaccinations and immunizations. This information is in the Student Catalog and is available at this web site:

<https://valley.edu/consumer-information/> Click on Vaccination Policy

Information on Faculty member and Academic Staff is found at:

These documents are updated often, please use the general link for the catalog web page is <https://valley.edu/catalog/> and click on the campus name. If you would like a paper copy of the document, please contact the school.

Disability-related Services and Facilities:

Valley College abides by this policy in the administration of its student admissions, financial aid and scholarships, career placement programs, as well as in all other student-related services and educational programs and opportunities. Valley College facilities are equipped with ramp access from the parking lot. The classroom/student areas have extra wide hallways and doors, A.D.A. required door handles, and restrooms to facilitate students who use wheelchairs.

Read more about Valley College's Students with Disabilities Policy at <https://valley.edu/consumer-information/> Click on Students with Disabilities Policy

Copyright infringement policies

The purpose of the Valley College (VC) Copyright Compliance Policy is to provide a summary of U.S. copyright law as it relates to Valley College. This policy attempts to provide practical advice and procedures on copyright-related matters. It is not a substitute for legal advice, and proper legal advice should be obtained when necessary. The Campus Director will serve as the Valley College Copyright Officer and will assist staff, faculty and students in these matters. For more information, please see

<https://valley.edu/consumer-information/> Click on Copyright Infringement Policy

Transfer of credit policies

Students interested in obtaining advanced standing or receiving credit transfers for courses taken at another college or postsecondary institution, in service schools and/or in Military Occupational Specialties (MOS) should contact the Admissions Representative prior to the first day of class. For more information, please see <https://valley.edu/consumer-information/> Click on Transfer of Credit Statement

Study abroad credit policies: Valley College does not participate in Study Abroad.

Written arrangements with other institutions: Valley College has limited articulation agreements with Blue Ridge Community Technical College and South Hills School of Business & Technology. An Articulation Agreement is not of indefinite duration and may terminate at any time. For more information, please see <https://valley.edu/consumer-information/> Click on Articulation Agreement.

Student Outcomes

Valley College is required to participate in the Integrated Postsecondary Education Data System (IPEDS) which is a system of interrelated surveys conducted annually by the National Center for Education Statistics (NCES), a part of the Institute for Education Sciences within the United States Department of Education. Please visit the College Navigator Website at:

<http://nces.ed.gov/collegenavigator> for more statistical information about the institution.

Student Diversity information is available on the College Navigator website. Diversity statistical information include the percentage of enrolled, full-time students who are male, female or not specified, and self-identified members of a major racial or ethnic groups and Federal Pell Grant recipients.

When you visit the College Navigator site and search for one of our schools, use the following school names:

Valley College – Beckley

Valley College – Martinsburg

Valley College – Cleveland

Institution's retention rate as reported to IPEDS

Retention rates measure the percentage of first-time students who return to the institution to continue their studies the following fall. These rates only measure first-time students never having attended college before. Therefore, these rates do not reflect an accurate retention rate of the entire student body. Retention rates measure the percentage of first-time students who return to the institution to continue their studies the following fall.

Valley College – Fairlawn School of Nursing data is reported with Valley College – Cleveland.

The information on this document was current at the time it was published. For the most current information, contact the campus.

Please contact the Campus Director to request additional information not covered in this Notice.
