

Tuition and Fees Information

General Information

The program tables show the direct costs for each program. The student enrollment agreement provides a more in-depth breakdown of tuition, any required fees and estimated additional cost. Indirect costs such as food and housing, personal school supplies, personal and miscellaneous expenses, and transportation are not included in tuition and required fees. The Cost of Attendance on Valley College's Consumer Information web page provides more information. <https://valley.edu/consumer-information/> Valley College accepts Cash, Check, Money Order, Discover, Visa, and/or MasterCard to cover fees, uniforms, programmatic kits, tuition, textbooks and a laptop computer.

Other Fees for the Veterinary Assistant program includes Uniform and/or Programmatic kit and a Rabies 2-series vaccination.

Explanation of Graduation and Other Fees:

- **The Graduation Fee:** The Graduation Fee is paid by all graduates of diploma and degree programs for graduation processing, which includes file close out, initial transcript processing, diploma processing, and graduation ceremony; failure to attend ceremony is not grounds for waiver of fee.
- **Transcript Processing Fees:** The transcript process fee is \$15.00. Rush Delivery may have an additional charge. More information and Valley College Transcript Request forms are available at <https://valley.edu/transcript-request/>
- **Course Retake Fee:** If a student enrolled in a diploma or degree program must retake a course for any reason the student will be charged a flat rate of \$400.00 for a course retake fee when the student repeats that course.
- **Practical Nursing (Ohio) and Nursing Associate Degree (WV):** Prior to enrollment, Valley College will pay for the initial HESI Entrance Exam. The applicants are responsible for covering the cost of the HESI Exam retakes. Estimated Cost \$55.00 per attempt.

eBooks

Valley College uses electronic books (eBooks). There are many advantages to eBooks. They aid students in preparing for mastery of course content throughout the students' program of choice curriculum, with inviting technology that establishes comprehension and learning which form the foundation of their success. With provided eBooks, students can benefit from:

- Accessibility
- Portability
- Visually comfortable
- Interactive multimedia elements
- Ease of highlighting and insertion of notes/comments
- Read-aloud feature

- Embedded dictionary
- Ability to share content

eBooks allow for everything from establishing knowledge to applying clinical judgment, to assessment and review. It is a streamlined experience with innovative products such as adaptive online quizzing, case studies, skills, and simulations.

Valley College Bookstore

- **Textbook information** is posted on the Valley College website at <http://www.valley.edu/consumer-information/> (Look for Valley College Book List by Course). The students may use that information if they would like to purchase textbooks on their own. The student must notify the Financial Aid Advisor if they want to opt in to purchasing textbooks on their own.
- **Laptop Computer:** Students have the option to purchase a laptop computer through the college.
- **Extra/Replacement Uniforms:** For programs that require uniforms, extra/replacement uniforms can be purchased through the college. Students should see the campus Bursar for more information.
- **Bookstore Refund Policy:** Consumables may be non-refundable if the student has consumed or used textbooks (printed or electronic) and/or program's uniforms and/or kits and the (1) Items that were special ordered for a particular student and cannot be used by or sold to another student; or, (2) Items that were returned in a condition that prevents them from being used by or sold to new students. (3) Individually documented non-refundable fees for goods or services provided by third party vendors.
- **Practical Nursing and Nursing Associate degree programs** do not have the option to purchase textbooks on their own because the required electronic textbooks integrate within the student learning management system.
