

## Cost of Attendance 2025-2026

5

### Cost of Attendance Overview

The estimated Cost of Attendance below reflects one academic year of expenses for full-time, first-time undergraduate students at Valley College, listed by program. A first-time student is defined as someone with no prior post-secondary education.

Costs are subject to change and include both direct and indirect expenses:

Books: Estimated costs; purchased through the school.

Computer: Optional laptop purchase through the school.

Supplies, Personal & Miscellaneous Fees, Food & Housing, Transportation: Indirect costs paid by the student; values shown are estimates based on program length and may vary.

*Note: Students enrolled in 100% online programs should not incur transportation costs.*

Graduation Fees: For programs one year or less, graduation fees are included in the diploma cost but are only charged upon program completion. These fees are not included in first-year costs for degree programs.

Note: ITSA program curriculum revision 5/18/2026. The program's length is now 10 months and 39 credits. This explains why COA's personal expenses and textbook costs increased.
